

THE TECH

VOL. XXVI. No. 9

BOSTON, MASS., MONDAY, OCTOBER 15, 1906

PRICE THREE CENTS

'10 LOSES FIRST GAME.

Bad Fumbling and Inability to Catch Punts Loses Game.

'10 lost to Waltham High Saturday by a score of 15-0 chiefly on account of fumbling and inability to catch punts. The new rules gave practically no advantage to either side for the forward pass and quarter back kick were not attempted and neither team could hold the other sufficiently to make the ten-yard rule an advantage. Although the winning team was lighter, '10 played the better game and promises to become an excellent team with a little more practice in handling the ball. The line-up was as follows:

WALTHAM	M. I. T. '10.
Stankard (Getchell), l.e.	r.e., Loutit
Partridge, l.t.	r.t., (Terry) Hinds
Frost (Graveson), l.g.	r.g., K. Robinson
Killgore, c.	c., Roberts
Drake (Haggard), r.g.	l.g., Manson
Herrin, r.t.	l.t., (Scavers) Terry
Ashley, r.e.	l.e., (Maxey) Rockwell
Frame, q.b.	q.b., Billings
Teel, l.h.b.	r.h.b., Doyle
Leary, r.h.b.	l.h.b., Jackson
Marsh, f.b.	f.b., Saul

Score—16-0. Touchdowns—Leary, Marsh. Goals from touchdowns—Teel. Goals from field—Teel. Umpire—Baltentine. Linesmen—Jackson and Parkinson.—Referee—Paul. Timer—Brown.

DARTMOUTH WINS GOLF.

The final round in the golf tournament was played off Friday afternoon, Stanton of Dartmouth defeating Upton of Bowdoin and thus getting the championship for his college. Capt. Pfeil of Tech played against Stanton in the semi-finals and gave the champion a hard run for the match. Experts say that had Pfeil been up against any other man in the tournament he would have won, for he was playing excellent golf.

GIVES UP POSITION.

Prof. Sedgwick has resigned as a member of the Brookline school board, because his work at the Institute imposes upon him much heavier tasks than ever before and conflicts with the school board work. The resignation was made with great reluctance and accepted with sincere regrets. Prof. Sedgwick was a member of the board for several years.

MAKE SLOW TIME.

The Hare and Hound Association took a slow jog over the West Roxbury cross-country course Saturday, covering the five miles in 36 minutes, which is slow for the course, the record being 24 minutes, 50 seconds. The order of finishing was H. Allen, '08; Christensen, '07; Ellis, '09; Campbell, '09; Callaway, '08; Udale, '07, and Newman, '10. There will be a run from the Gym Wednesday afternoon at 5 o'clock.

NAVAL ARCHITECTS MEET.

The Naval Arch. Society held its first meeting for the year in 31 Eng. C, Friday. The third year men in the course were elected members, and a committee was appointed to make arrangements for a smoker to be held this week.

ELECTS OFFICERS.

Athletic Association Holds Annual Meeting. Track Men Needed.

The Athletic Association held its annual meeting Friday in Huntington Hall, Vice-President Leavell presiding. The following officers were elected: President, K. W. Richards, '07; Vice-President, G. T. Glover, '08; Secretary and Treasurer, W. A. Adams, '08. John S. Tobin, '08, was elected Manager of the Track Team. The officers of the Association will constitute the undergraduate section of the Advisory Council on Athletics, the first meeting of which is to be held October 19, at the Hotel Cambridge.

Mr. Tobin spoke for a few minutes in regard to the Assistant-Managership of the Track Team, saying that it had been decided to elect this office from open competition in the Sophomore Class. Capt. Richards spoke briefly on the prospects of the Track Team, that more men come out. Very few men have been training this year and unless a large number of new men turn out, Tech will not have a winning Track Team.

COMMUNICATION.

The Editors do not hold themselves responsible for opinions expressed by correspondents.

TO THE EDITOR OF THE TECH:

A number of track men either graduated last fall or have not returned to school this year, and the success of the Institute will depend upon the new men who will come out. Every man who has ever done any track work should come out and show what he can do. The men who have never done anything should remember that Tech's best athletes came to the Institute entirely unconscious of their ability, but by getting out and trying were developed into crack men. No doubt there are many of this kind in Tech today and it is to be hoped that they will let themselves be discovered, but they cannot be unless they will get out for the Fall Handicap Meet and do some work. Coach Mahan wants to get an idea of his material and will be at the Field every afternoon to give advice on track work to any man who wants it.

Is Technology to have a track team this year that will be at all representative of the Institute? Fall training began just a week ago in preparation for the annual Fall Handicap Meet which is now less than two weeks away, and yet the number of men who have been out regularly, with the exception of the Sophomore and Freshman relay teams, could be counted on one hand. Such a state of affairs is indeed deplorable. The track team is the Institute's biggest varsity team and naturally needs the most support.

"The Yale Thirsty Club, organized for social purposes, has adopted as a motto, 'Thirsting for Hearst,' and attended the Yale-Springfield T. S. game Wednesday with a big banner which said, 'For Governor, Hearst; For Lieutenant-Governor, Happy Hooligan; For Attorney General, Knocko the Monk.'"—Boston Herald.

GIRLS SAVE INN.

Wellesley College Students Fight Fire with Bowls, Pitchers, and Pails.

Bravery of a few Wellesley College students at an early hour Saturday morning saved the famous Wellesley Inn from destruction. Fire started about 7 o'clock under one of the ovens where the famous fudge cakes are baked and had gained considerable headway when discovered.

A large number of students make the Inn their home during the college term and when the fire alarm was sounded every student hurried from her room in dressing gown and slippers, and, armed with pitchers, bowls and pails, made a formidable attack upon the flames. Girls in dormitories on the campus were likewise brought to the scene by the sounding of the alarm, and the oft-repeated field drill was entirely forgotten in the excitement of putting out a real blaze.

The volunteer brigade worked with such vigor that the flames were subdued before the arrival of the apparatus from Wellesley Hills and Wellesley.

AMATEURS WILL OFFICIATE.

A radical departure in the method of conducting all intercollegiate basket ball games this year was effected at a recent meeting of the Intercollegiate Basket Ball Association. The plan adopted is to employ college graduates as referees, in place of professionals. Last year this system was tried at various times, and was found to be more desirable in every way. The decision is based chiefly on the ground that college men are more familiar than outsiders with the intercollegiate rules, and with the game of basket ball in general as it is now played at the leading universities.

"Al" Sharpe, Yale, will take charge of all games at Philadelphia this winter, with the exception of those in which the Yale team competes. F. L. O'Connell, Columbia, is the referee at New Haven, save in the Columbia games. At Princeton the work of refereeing will be divided between these two men and H. A. Lochmuller, N. Y. A. C. The latter will also act as referee in all the games played at the local university this year.

G. F. Knox, director of the Everett Y. M. C. A., Mass., and L. Stafford of the Auburn Y. M. C. A., will be the official referees at Cambridge and Ithaca, respectively. The customary 10-game schedule has been arranged between Yale, Columbia, Harvard, University of Pennsylvania, Princeton and Cornell.

PLAN RECEPTION.

A meeting of the Walker Club was held in 21 Rogers, on Friday. Robbins, '07, presided. Whitney, '07, was elected to the executive committee. It was decided to hold the usual reception to new men from other colleges in conjunction with the Technology Club. Another meeting of the club, for the election of new members will precede this reception.

CALENDAR.

MONDAY, OCTOBER 15.
1.00 P.M. Sophomore Class Meeting in Huntington Hall.
1.10 P.M. Tech Board Meeting in 30 Rogers.
4.00 P.M. Banjo Club Rehearsal in 33 Rogers.
4.00 P.M. Mandolin Club Rehearsal in 32 Rogers.
7.30 P.M. Architectural Society Smoker at the Tech Union.
TUESDAY, OCTOBER 16.
1.00 P.M. Freshman Class Meeting in Huntington Hall.
WEDNESDAY, OCTOBER 17.
3.30 P.M. Football, 1910 vs. South Boston High at Tech Field.
6.30 P.M. British Empire Association Dinner at the Tech Union.

NOTICES.

1909. — Meeting today at 1 o'clock in Huntington Hall.

Lost.—A slide rule with my name on the case. J. M. Frank, '07.

Lost Hats.—The gentleman who suffered by an exchange of hats on Saturday, Oct. 13, may bring about a mutual return by applying at the Cage.

M. A. H. S. Club. — There will be a meeting of the M. A. H. S. Club for the election of officers, Tuesday, October 23, at 7.30 P.M. at the Union. Tickets 25c.

Architects. — The Architectural Society will hold its first smoker this evening at the Union at 7.30 P.M. All members of the Architectural Department are invited to attend. Mr. Walker will probably be the speaker. Tickets are twenty-five cents.

Mech. Eng. Soc. — The first meeting of the Mechanical Engineering Society will be held in the Union Tuesday at 8 P.M. The meeting will be entirely of a social order, there being no regular speaker, but a few short remarks will be made by Faculty members. Plans for the ensuing year will be announced and discussed. Refreshments will be served and music will be furnished by the Tuxedo Mandolin and Guitar Trio. Juniors and Seniors of Course II and X, whether members of the Society or not, are invited to this meeting.

NOTICE TO THE CLASS OF 1909.

The Assistant Managership of the Varsity Track Team is open to competition for any man in the Class of 1909. Work on the Fall Handicap Meet will begin immediately. All men who think they would like to try for the position should report to Tobin, '08, at the Cage on Monday at 1 o'clock. The only requirement is willingness to get out and work for the interests of the M. I. T. A. A., and although men with experience are earnestly requested to come out, every man will be judged strictly on what he does for Tech. The Management trusts that the Class as a whole will realize the importance of this competition and urge the best men in their Class to compete, for the Assistant Manager in his Sophomore year has, according to precedent, always become Manager in his Junior year.

THE TECH

Published every Monday, Wednesday, and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act of Congress of March 3, 1879.

Monday, October 15, 1906.

The "forward pass" seems to be somewhat of a flunk.

The Junior Class would be wise to profit by the experiences of former third-year classes and hold the election of its Prom Committee at the earliest possible date. Junior Prom is no small undertaking and the men who make the arrangements must have plenty of time.

THE TECH wishes to call the attention of its readers to the advertisements in the paper. Without advertisements a college paper could not possibly be run and students can show their college spirit by patronizing the men who advertise in this paper. They will be found reliable and worthy of your patronage and THE TECH trusts that you will give it to them in preference to others.

In commenting recently on the fact that the Executive Committee of the Corporation appears to have

found its task of securing a new President for the Institute a "somewhat embarrassing one," the Boston Herald says that it "would seem incumbent on the trustees of the institute to select the new President as promptly as possible," for Harvard University has appointed a dean of the Lawrence Scientific School, an appointment that may seem an unimportant one when compared with the selection of a president for Technology. However

when one stops to consider that the new dean will be the "chief administrator of the advance of the university into the realm of applied science, virtually the president of the institution that will compete for public favor with the Institute of Technology," it will be seen that the Herald's point is indeed well taken.

The Institute is on the threshold of new and somewhat critical de-

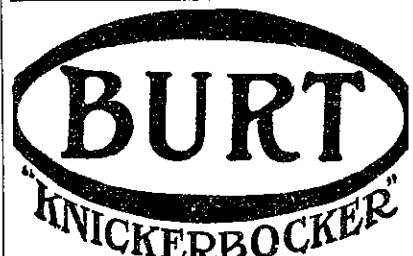

velopments. It has been on this threshold for the past three years because of the delay occasioned by the Harvard "Merger" question, but matters have come to such a point now that delay will prove disastrous. The Institute has in reality not developed at all in the past few years and lately everything except the actual process of education has been at a dead standstill. The question of whether the Institute shall develop its present site or move to a new one is a pressing one and unless decided at once will delay the Institute's development to such an extent that its present reputation will be a thing of the past.

It seems to the student body "to be up" to the Corporation to get busy and produce some results. Of course it takes time to decide such weighty matters, and it is well understood that the members of the Corporation have other things to do, but matters have come to the point where delay works more and more harm to the Institute.

RESULTS OF TENNIS.

All but two of the matches in the first round of the tennis tournament have been played off now, and it is expected to have the second round finished by the end of this week. The old players are making the best showing so far and if their playing continues up to the standard some hot battles will be seen.

First Round: J. S. Nichol, '07 defeated E. N. Briggs 6-3, 6-2; L. Coffin, '08 defeated C. C. Webb 2-6, 6-3, 6-2; M. C. Sherman defeated P. W. Mack 6-3, 6-3; H. P. Farrington, '07 defeated J. S. Pfeffer, '09 6-3, 8-6; J. R. Randall, '07 defeated P. M. Wentworth, 6-2, 5-7, 2-6; J. W. Nickerson, '09 defeated A. Miller, '07 11-9, 7-9, 8-6; P. R. Fanning, '08 defeated Harold Gardner 6-0, 6-0; M. V. Price defeated Miles Sampson; J. N. Brooks, '09 defeated J. E. Johnson 7-5, 4-6, 7-5; D. V. Williamson, '10 defeated Thomas Spooner 6-3, 7-9, 6-2; J. I. B. Larned, '07 defeated T. B. Whittemore, '10 6-0, 6-3; F. C. Elder defeated H. S. Landis 6-3, 6-2; W. B. Coffin, '07 defeated F. S. Miles

6-0, 6-2.

Second Round: H. P. Farrington defeated W. B. Gonder, 6-3, 7-5; P. R. Fanning, '08 defeated M. D. Price 6-0, 6-2.

Doubles (First Round): Russell Bros. defeated Elder and Gonder; Randall and Miller defeated Sherman and Avery.

MINERS HEAR TALK.

The Mining Engineering Society listened to an address on "Mine Examination," by W. S. Hutchison, '92, and appointed a committee to arrange for requirements for entrance to the Society, at a meeting held Friday evening at 8 o'clock at the Union. The committee appointed is L. C. Hampton, L. R. Davis, A. N. Penny. Mr. Hutchison spoke of the complications in the valuation of property arising from sampling, and from estimating the cost of plants and of the handling of ore. He gave much good advice with regard to preparing to make estimates and illustrated his remarks very fully with incidents taken from his own wide experience.

Harvard has two eights from the Varsity squad on the river now.

Sixty men make up the cross country squad at Michigan, and in spite of mud and rain they are putting in full time.

Ursinus has the following rule for Freshmen: "Freshmen will carry suit cases for all visiting athletic teams to and from the station today."

The Cornell-Princeton football game will be played at the Polo Grounds, New York City, October 27. This is the first time the game has been played away from the grounds of one of the participating teams.

The Yale Athletic Association has issued a \$5 ticket to members of the Faculty and students, admitting them to all athletic contests. The ticket is transferable, and entitles the holder to half rates for the Harvard and Princeton contests.

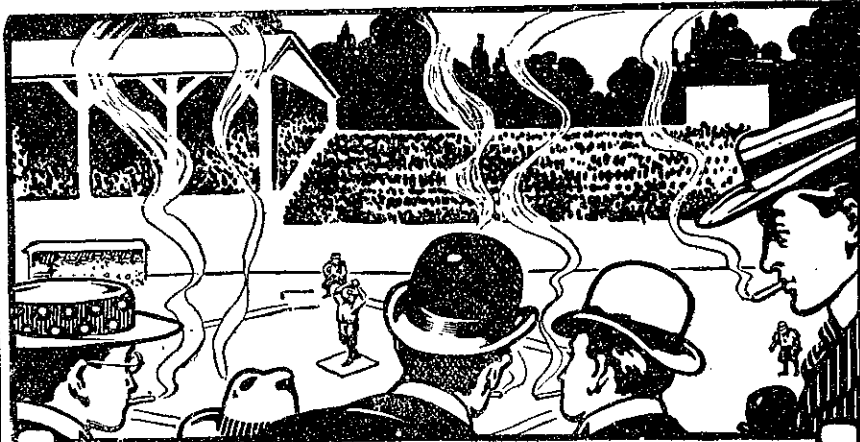

Princeton has eight of the 1906 track team men in college this fall, including Rulon-Miller, Gamble and Atlee, in the sprints; Eisle in the two-mile; Captain Armstrong in the hurdles; Simons, the broad jumper, and Tenney in the pole vault.

A royal gift comprising a set of valuable zoological books was recently presented to the University of Nebraska by "Prince of Monaco." The work contains the results of his own research and study and is said to be worth about \$400. They are said to be the best books of the kind in the world. Inasmuch as the "Prince of Monaco" gets the greatest part of his annual income from the gambling dens of Monte Carlo, there is considerable protest against accepting his "tainted" money, even though it be in the form of scientific research.

CIVIC CLUB MEETS.

The Civic Club held its first meeting Friday evening and decided to hold its regular meetings hereafter on the Friday of every third week at 7 o'clock. The question discussed was: Resolved, That Municipal Ownership is both Possible and Advisable in the United States.

Mr. Bell, '05, former president, told of a conversation with Dean Burton in which the latter said that the Faculty would be willing to do anything in its power to support the club. The subject for the next meeting is: Resolved, That the United States Should Grant Subsidies to American Ship-owners.
